AS WE SHARE RECOMMENDATIONS FROM OUR MASTER FACILITIES PLANNING COMMITTEE

During January and February, Gahanna-Jefferson Public Schools held a series of Community Conversations brainstorming solutions for the challenges at Gahanna Lincoln High School. Our community provided valuable feedback on several high school solutions that could best serve our school community and WE LISTENED!

Since the meetings, our Master Facilities Planning Committee worked diligently to incorporate community input and enrollment projections into a recommendation that addresses the needs at Gahanna Lincoln High School and other buildings in our district.
