Dues: TBA

This is a new club in 2011, and is open to any student from GLHS. We will do both astronomy and rocketry throughout the year. Meetings will begin on Tuesdays, but will vary both in time and day depending on club member's interest and activities. Students will learn how to use telescopes and have evening and/or weekend observation sessions. Students will also learn to use planetarium programs and produce video shows that will be produced to show the community. Members will sponsor telescope observation nights for the community. Other possible areas of exploration are radio astronomy, solar observation, and observational photography. Rocketry will also be explored, and students will experiment with payload lifting, rocket designing and testing, and staging of rockets. This club will be very student-run and driven, so if you are interested in astronomy or rocketry, be sure and check it out!
